Main Offices, Design Studios and Plant of the A-B Emblem Corporation

- All emblems illustrated in this catalog were designed by us and produced on our Swiss looms.
- Leading firms and organizations knowing the need for authentic emblems, true to original design, continually use the art and production facilities of the A-B Emblem Corporation.
- All materials used in our emblems are of the highest quality obtainable from nationally known and respected manufacturers.
- All materials used by us exceed the highest government specifications. They are fadeproof, colorfast, washable and are by far the most serviceable made today!
- The preciseness of workmanship cannot be exceeded by anyone.
- **NONE HAS BETTER CONTROL OVER QUALITY, WORKMANSHIP AND ACCURATE EXECUTION OF DESIGN.**

The above statements are based on our experience in Swiss-embroidery since 1892—and **CUSTOMER ACCEPTANCE!**

Emblems for the National Aeronautics and Space Administration were produced by A-B Emblem Corporation.

The NASA emblem, autographed by the seven original astronauts, stands in a place of honor in the offices of the A-B Emblem Corporation and also in the Time and Life offices.

QUALITY CONTROL SERVICE (Before Purchasing)

To guarantee you quality control and complete satisfaction of material, workmanship and design-execution we will upon your request provide explicit specifications of your Swiss embroidered emblem.

These specifications contain a STATEMENT OF COMPLIANCE which must be signed by the bidding manufacturer.

These specifications as written by us can be met by any manufacturer of experience and integrity.

QUALITY CONTROL CHECK (After Purchase)

A Word About Ordering Custom Made Emblems

- * Keep colors to a minimum
- * Hold names and slogans to a minimum
- * Keep the design clear and clean
- * Avoid intricate shapes
- * Use circles, ovals, squares, oblongs, triangles, diamonds or any symmetrical shapes. However, there is no limit to the use of intricate and unusual shapes.
- * Symmetrical shapes lend themselves to a much easier sewing job when applied to a uniform.
- * As an additional aid use our exclusive copyrighted, Design-an-Emblem-Guide®.

How to determine size of emblem:

Measure the full width regardless of length. The width is the determining factor. Example: A 4 inch x 8 inch long emblem is considered to be a 4 inch size emblem.

Any emblem measuring over an even inch in width falls into the next inch category. Example: A 3½ inch wide x 8 inch long emblem is also considered a 4 inch emblem.
