

A-B EMBLEM

DIVISION OF CONRAD INDUSTRIES, INC.

*Designing and Manufacturing
Since 1832*

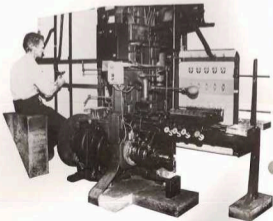

Night view of our new 100,000 square foot plant.
Air conditioning . . . electronic atmosphere control . . . scientific lighting . . . noise abatement

equipment . . . hospital-like cleanliness . . . each a part in a quality control program uncommon in the industry.

One of our many staff designers shown gauging each stitch on a six-time enlargement of our original art. "Accuracy and artistry" is the motto of our designers.

Using the enlargement, one of our highly trained and experienced pattern punchers develops a computer program and reference sample reflecting many hours of creative endeavor and yards and yards of punched computer tape.

IRRÉGULIERS® BY A-B

Irréguliers by A-B® are the newest additions to the A-B Emblem family. Due to the development of this new embroidery technique, any size logo, regardless of its shape or complexity, can be precisely reproduced and not have to be incorporated within a standard patch shape. Irréguliers by A-B® can be heat sealed to a garment and give the illusion of expensive hand embroidery without the expensive price.

Petite Marqué®

The Petite Marqué® is a miniaturized laceit emblem displaying a logo or trademark. The research, development and technical expertise of A-B Emblem has made it possible to reduce most trademarks to approximately one inch at affordable prices. Thereby, logos can be tastefully displayed in a manner which appears to be embroidered into the fabric. The Petite Marqué® can be permanently or temporarily attached to garments by use of heat seal or pressure-sensitive adhesives.

Custom Designed Emblems:

As the leading producer of custom-designed embroidered emblems, you are assured of the finest quality at the lowest price. Our design department is ready to assist you without cost. All we need are your ideas as to shape, lettering, design and colors preferred. This will be developed into artwork suitable for embroidery production. We will be delighted to help you as we have thousands of other organizations. If you have continuing emblem requirements, please inquire about our MAKE & HOLD OR MINI-MAX inventory programs. (Note: custom emblem quantities available detailed on next page.)

Our exclusive, patented Design-an-Emblem Guide® will assist you in sketching out your ideas for your organization's own custom design. It's free for the asking.

SUMMER STYLE

WINTER STYLE

You can create your own custom cap by combining a stock cap and stock emblem. Here are a few examples.

STOCK CAPS

In inventory, we maintain both our summer style (fabric/mesh) and winter style (full fabric) caps in solid colors. The fourteen colors in which these caps are available are listed on the next page. The minimum order for stock caps is 25 pieces.

CUSTOM CAPS

Multi-colored men's caps and all ladies' caps are manufactured on a custom order basis. The minimum custom cap order is 150 pieces. Ask for our Design-a-Cap Guide®, which you may find helpful in visualizing fabric and color placement for your custom cap.

STOCK & CUSTOM CAPS

THE ANATOMY OF A QUALITY CAP

See the difference quality construction makes. Compare the difference dedicated workmanship produces.

Our buttons and snaps are color coordinated vinyl which will not rust and stain. The eyelets are permanently colored non-rust metal. Some manufacturers cover steel buttons with cloth which will rust and stain the fabric.

Unlike cap visors made with an insert of hard, brittle plastic or non-washable cardboard, our visor has a rubberized insert that is foam padded and fabric covered top and bottom. Our visor is moldable and it retains any shape desired.

*Eight rows of lock stitches! Not two, not four, not six rows of chain stitches that open and ravel. The same solid stitching as official major league baseball caps.

Color coordinated, sturdy mesh can replace the solid fabric panels in the back two and/or side two panels.

Our exclusive overband has a 3-part construction. It is super wide, extra absorbent and probably the most comfortable of any made. The fabric which is against the wearer's skin is insulated with foam and finished with nylon mesh for stability and ventilation.

High crown, full fashion cut. One size fits 6 to 7 1/2. All top seams are triple stitched and fabric reinforced. Our caps are foam laminated and fabric lined. Cool in summer, warm in winter. They are completely washable and dry cleanable.

*Ladies caps have a fashion visor and pom pom.

We offer custom designs in virtually unlimited combinations. You can vary any of these component colors: Visor top color, under-visor color, 2 front panel colors, 2 side panel colors, 2 back panel colors, cap body stitching colors, visor stitching colors, snap, button and eyelet colors.

Fabric, mesh, button, snaps, eyelets and stitching are available in any standard color combination shown below.

Spanish Gold 101	Paprika Orange 102	Apple Red 103	Burgundy 104	Irish Green 105
Light Blue 106	Royal Blue 107	Navy Blue 108	Suntan 109	Seal Brown 110

Black 111, White 112, Blue Denim 113 and Yellow 114 are also standard.
